

## 2018 CS2 Final Test Answer Keys

### Section I: Understanding Structures (G2: 0.5 points each x 10 questions = 5 points)

1D	2F	3E	4B	5B	6E	7A	8A	9D	10A
----	----	----	----	----	----	----	----	----	-----

### Section III: Vocabulary (G5: 0.5 points each x 20 questions = 10 points)

1	A	2	A	3	A	4	B	5	D
	B		B		C		C		E
	C		F		E		D		F
6	C	7	B	8	A	9	A	10	B
	D		D		C		E		D
	E		F		E		F		F

11D	12A	13C	14B	15B	16C	17A	18D	19D	20A
-----	-----	-----	-----	-----	-----	-----	-----	-----	-----

### Section II: Expressing Opinions (G4: 5 points each x 2 opinions = 10 points)

#### Sample Opinion for 1

[Op]In my opinion, patience is important if you want to be a good researcher. [TS]I have two reasons that support my opinion. [FR]First, it takes a lot of time and energy before you reach a researcher level. [FE]My mathematics teacher told me that he needed 10 years before he could start his own research. [SR]Second, it takes a lot of time and energy to write up a paper or prove a theorem. [SE]For example, I hear that many mathematicians devoted their entire life to solve difficult problems. [CS]For these two reasons, I think that it is patience that makes you a good researcher.

#### Notes to the teachers

- The opinions in 1 and 2 must meet the conditions (1)-(5) with the following structure.
  - Opinion (Op)
  - Transition Sentence (TS)
  - First Reason (FR)
  - Evidence for the first reason (FE)
  - Second reason (SR)
  - Evidence for the second reason (SE)
  - Concluding sentence (CS)
- In this sample opinion, the type of the first evidence is an expert opinion and that of the second is an example.
- Each piece of evidence must be introduced in an appropriate way depending on its type.
