Michaela Mahlberg

Professor, Department of English Language and Applied Linguistics, University of Birmingham, UK. Dr. Mahlberg is the Director of the Centre for Corpus Research at the University of Birmingham. Her main research interests are in corpus linguistics and contextual approaches to meaning. In the field of corpus linguistics, she has published on the relationship between lexis and grammar and the way in which phraseology contributes to cohesion in texts.

Paul Thompson

Senior Lecturer, Department of English Language and Applied Linguistics, University of Birmingham, UK. Dr. Thompson is the Deputy Director of the Centre for Corpus Research at the University of Birmingham. His research interests are in academic writing development, in academic and other specialised discourses, in uses of educational technologies in language learning, and in the exploitation of corpus resources and methodologies in learning about language.
